

## Test-1.

SPB

DATE:

- 1) write a program to find the largest of 3 numbers using if-else
- 2) write a program to print 10 to 20 using for loop.

```

① class largest num {
    public static void main (String[] args) {
        int a = 10;
        int b = 9;
        int c = 30;

        if (a < b) {
            System.out.println ("A is largest");
        } else {
            System.out.println ("b is largest");
        }
        if (b < c) {
            System.out.println ("c is largest");
        }
    }
}

```

Output:

c is largest.

② class print {

public static void main(String[] args) {

for (int i = ~~10~~ 10;  
i <= 20; i++) {

System.out.println(i);

}  
}  
}  
Output:

10

11

12

13

14

15

16

17

18

19

20.
